

Fabulous Fall Town Hall

Down the road the gingerbread man. He ran past the
house. The dog wagged his tail. Slow down, Gingerbread
man. I want to talk to you. The dog barked. And he started
crying for the gingerbread man.

But the gingerbread man ran faster.

"I'll run and run as fast as I can.
I won't reach you. I'm the gingerbread man!"
He ran from the woman. I ran from the man.
I'll run from you. See if I can!"

EXCITE CREDIT UNION

Step Up to Better

Teaching Kids About Money

Presented by

Daniel Hasegawa

WHAT'S A CREDIT UNION?

- ▶ Credit Unions are not-for-profit organizations that exist to serve their members
- ▶ How are they like banks?
 - ▶ Credit Unions accept deposits, make loans and provide other financial services
 - ▶ Credit Unions have ATMs as well as PC and Mobile Banking
 - ▶ Deposits are federally insured
- ▶ How are they not like banks?
 - ▶ You have to be a member
 - ▶ Instead of stockholders they are owned by their members
 - ▶ Profits go back to members in better rates and lower fees

WHO IS EXCITE CREDIT UNION?

- Over 60 years old
- Over 40,000 members
- Approximately \$600m in assets
- Regular Accounts with no monthly fees
- Unique Youth Savings Programs

FIRST LESSON: SAVE EARLY

Richard begins saving money at 22. Each year he invests \$2,000 in an account which grows 8%. After 10 years he has invested \$20,000 and stops adding to the account.

John waits and starts saving when he is 35. He also puts in \$2,000 each year at 8%, until he retires at 65. He invests a total of \$60,000.

Who has more money at age 65?

RICHARD HAS MORE MONEY

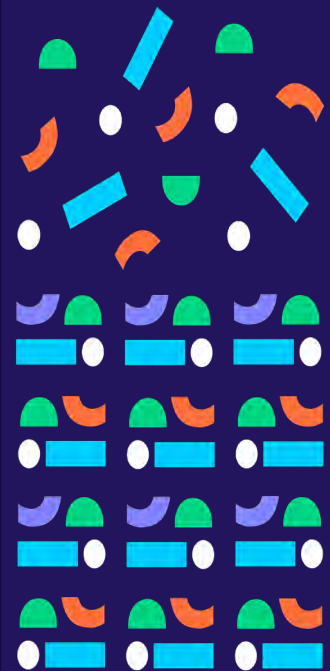

When Richard retires at age 65 he has \$469,904 because he started early.

John invested \$40,000 more but because he waited, he has \$261,288 when he is ready to retire at 65.

Richard has more because he started earning interest earlier and was paid interest on his interest.

WHAT CAN YOU TEACH CHILDREN?

- They have to make choices
 - You have to spend money but it's limited
 - What's the value of money?
 - How do you earn it?
 - What do you need and what do you want

HOW CAN WE TEACH THEM?

- Raising a Reader brings literacy to families
 - Engaging caregivers
 - Sharing books
- Excite brings Financial Literacy
 - [Sammy Rabbit](#)
 - [Banzai](#)
 - [Balance](#)

■ One last lesson...

- Get credit reports for your kids

- It's free:

www.annualcreditreport.com

- There are over 1 million cases of child identity theft each year

- If you are a victim go to www.identitytheft.gov

Loyola University
Baltimore, Maryland
Presents:

A fun way to give kids creative space to explore their imagination and grow reading, writing and communication skills.

For ages 4 – 12

**A REMOTE RADIO
SHOW FOR KIDS!**

WLOY's award-winning weekly children's program *What Happens Next?*, founded in June of 2009, is going global and we want you to be a part of the journey.

Our goal is simple: entertain children while helping them grow their imagination, reading, writing and communication skills.

What Happens Next? begins with the simple premise that children love to tell stories. We provide the beginning of a story for the participants and they create their own endings.

When they're done they call in to record them for this broadcast. Hundreds of children from 4-12 have participated in the program. The program is now available for FREE to any child anywhere.

Remote learning has never been more FUN!

An Effective Practices Webinar Series:
Building Collaborative Early
Childhood Systems

Dec 8, 2020 03:00 PM ET

Dec 16, 2020 03:00 PM ET

In this webinar series, we'll take a broad look at Maryland's early childhood education system and examine the journey a child takes from birth through age five and the many touch points different organizations make with families along the way. We'll hear from organizations within the system about ways they communicate and collaborate to connect families with vital resources and services.
